## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on March 08, 2007 has been entered.

### ***Response to Arguments***

1. Applicant's arguments, see page 6, filed on March 08, 2007, with respect to claims 1, 11, 14, 15, 19, 20, 28, 29, 30, 36, 37 and 39 have been fully considered and are persuasive. The rejection of 1, 11, 14, 15, 19, 20, 28, 29, 30, 36, 37 and 39 has been withdrawn.

### ***Allowable Subject Matter***

2. Claims 1, 11, 14, 15, 19, 20, 28, 29, 30, 36, 37 and 39 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 1, 11, 14, 15, 19, 20, 28, 29, 30, 36, 37 and 39 are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior art which teaches a system or method of limiting a number of faxed communications between an application and a user, via a sensing device interacting with machine-readable coded data printed on a surface comprising means for or steps of allocating a

unique one-time-use reply number for the transmitted information; monitoring incoming faxes for a match with a reply number contained in a list of reply numbers, transmitting an incoming fax from the application to the user only in the event of a match, and removing the reply number from the list in the event of a match, thereby limiting the number of replies to one reply.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### *Conclusion*

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

a. Joao et al (US Publication No. 2002/0025797) discloses a transaction authorization, notification and security apparatus for issuing an authorization request for a transaction.
